

## **HP MACHINE OIL 320**

### **SPECIAL FEATURES**

HP Machine Oil is a general purpose lubricant for application in all types of industrial machinery. It is manufactured from quality base oils and suitable additives. HP Machine Oil has got good lubricity, anti-wear and anti-rust properties. It has got good film strength and excellent tackiness.

### **SPECIFICATIONS**

It meets the specification of IS: 493 Part I – 1993.

### **APPLICATION AREA**

HP Machine Oil 320 is suitable for general purpose lubrication of the machinery in Textile Mills, Paper Mills, Vacuum Pumps and other Machine Tools. It is suitable for once-through application. It reduces maintenance cost and power consumption.

### **PHYSICO CHEMICAL PROPERTIES**

<b>Parameters</b>	<b>320</b>
Appearance	Bright & Clear
Viscosity, Kinematic @ 40°C, cSt	320
Viscosity Index, Min	90
Flash Point, COC, °C, Min	240
Pour Point, °C, Max	0

### **PACKAGES**

The product is available in 20 ltr (HDPE) drums.
