

HP GASENOL 20W 50

SPECIAL FEATURES

Controlled Ash for better engine health and compatibility with catalytic converters.

SPECIFICATIONS

API SF

APPLICATIONS

Automobile engines of Passenger Cars, Taxis, 3 wheelers running on Natural Gas.

PHYSICO CHEMICAL PROPERTIES

Kinematic Viscosity, cSt @ 40°C	118
@ 100°C	13.5 – 16.5
Viscosity Index, min	110
Pour Point, °C, max	-18
Zinc, % wt, min	0.068

PERFORMANCE BENEFITS

- Excellent control on oxidation and nitration
- Exceptional control on deposit and wear
- Ensures engine durability
